Dixie J. Whitted : Dahler and Nicholls Fight Crime! (Crime Wins) (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dahler and Nicholls Fight Crime! (Crime Wins) (Volume 1):

I dont remember what I expected (in fact, Id quite lost track of the fact that Id even agreed to it as I keep a pretty regular slew of things in my reading pileand then it arrived in the mail and jogged my memory.) Im only certain that I didnt really expect this. I was pleasantly surprised.While growing up I read about everything I could get my hands on and Dahler Nicholls reminds me of a few comic collections my grandmother had and brought on some of the feels. It most reminded me of some Marmaduke collections Id read because of the art style and format (single pane comic installments) and the character of Nicholls

made me think of a witless Dick Tracy, but that's probably because his suit and hat are yellow on the cover. The humor leans whimsical and into irony so it's a light-hearted read. The only thing that threw me was the size of the book (8.5 x 11). I thought it was a coloring book when I got it in the mail. There's no real gripe there. I'm just familiar with a format that's so much smaller (like a 5 x 8) so it threw me a bit at first, but I'd recommend this title. 0 of 0 people found the following review helpful. Fanciful and fun. By Linda Fletcher Sweet, whimsical, from a gentler time. Funny and light. Her drawings are fanciful and fun. Would recommend to anyone who needs a bright spot in their day. I have the e-book version, the drawings show up well in my reader. 0 of 0 people found the following review helpful. Funny! By 1californiagirl Clever writing and funny characters! Anyone who enjoys good old-fashioned humor will enjoy this book!

The cute crime-fighting cartoon capers of Detectives Dahler Nicholls, dedicated officers of the law, who, with the aid of their intrepid four-legged canine assistant Horatio, try their level best to "make the streets safe for decent citizens." Sometimes they succeed... (Just imagine if "Dick Tracy" had been drawn by Abbott Costello or Laurel Hardy...) Over 120 full-page BW illustrations fill the pages, cover to cover. (The paperback edition conveniently doubles as a coloring book.) Check out my author page for a few samples or click on the cover to "Look inside."

"Whimsical...a light-hearted read"- Christopher D. Schmitz, Author of Wolf of the Tesseract
