**Rebecca Ann Combs : Kumihimo Jewelry Simplified: Learn to Braid with a Kumihimo Disk** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kumihimo Jewelry Simplified: Learn to Braid with a Kumihimo Disk:

6 of 6 people found the following review helpful. Five StarsBy BonipieLots of pictures, lots of detail, just what I needed.5 of 5 people found the following review helpful. Great addition to my collection of books.By Gloria BorreroActually found some new styles of Kumihimo, not just a beginners book.2 of 2 people found the following review helpful. Great author!By T. ParsleyThis author is great, creative and provides very helpful directions.

This is the second Kumihimo book by Rebecca Combs. This book will focus more on the beginner and shares some of the most popular features that made the first book a runaway success: conversational voice, skill-building format, Kumihimo math, and continuing to use the inexpensive Kumihimo foam disk. Kumihimo Simplified includes 5 new braids: 8-warp basket weave, 16-warp rectangular, 16-warp hollow basket, 8-warp half-round, and 8-warp square. Beads will be included within the braids where appropriate, however, the focus will be straight braid. Special sidebars will include Creative Closures - 5 different ways to finish Kumihimo braids, besides the common gluing of endcaps.

About the Author Rebecca Ann Combs has always had a passion for creating and teaching. She is the owner of Design Adorn Beading Studio in Tucson, Arizona, and has been teaching a variety of classes in jewelry making there since 2008. Her specialty is Kumihimo jewelry. She leads a variety of workshops with an emphasis on incorporating beads into Kumihimo braids at other venues as well, including the annual BeadButton Show and lives in Tucson, AZ.
