**Margaret L. Brooke : Lace in the Making c.1923 - Well Illustrated Instructions for Bobbin or Pillow Lace**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Lace in the Making c.1923 - Well Illustrated Instructions for Bobbin or Pillow Lace:

174 Pages. - REPRODUCTION - This book is an extensively illustrated handbook in the art of bobbin lace with detailed instruction into all facets of this beautiful art - including several obscure stitches and techniques. No stone is left unturned - the author begins with a short history of the development of the various techniques, and moves on to the tools involved in making the lace, including a valuable reference section with instruction to find, modify or make your own tools of the trade! The next section covers the important steps to setting up your work, such as dressing your pillow, looping your bobbins and the simple stitches to begin your work. As you move through the book, the stitches become more technical - but fear not - there are extensive and detailed illustrations that will lead you through your tasks so that you can master these intricate stitches. Contents of the book are: Introduction Explanation of Pillow Lace Outfitting your work Elementary Instruction How to Begin Edges Raised Work Ornamental Clothwork Hanging on and Fastening off for Bars, Nets and Fillings Bars Nets: Plain Fillings Special Kinds of Lace The Development of Hand
