Juan Manuel Villalba : Le Grand Guide du Maquettisme Avions (French Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Le Grand Guide du Maquettisme Avions (French Edition):

French Text The very best specialists in the field reveal their modeling and painting techniques for the icons of aviation history. Specific aircraft are highlighted such as the Fokker D.VII and its diamond finishing, the Nieuport Ni 11 with its faux wood grain, and the Yak 3 with its wave camouflage. Also included are the F4D-1 Skyray jet and the MH 6 helicopter. In addition to the excellent assemblages, Juan Manuel Villalba provides an overview of various tools

and paints. This work speaks to both the novice as well as to the advanced modeler looking to perfect his technique.

provides a wealth of photographs high quality photography and it is a tribute to the modelers art (IPMS)
