From Brand: ASN Publishing : Learn to Make Stunning Crochet Doilies before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn to Make Stunning Crochet Doilies:

5 of 5 people found the following review helpful. These doilies look great and are easy to makeBy Dori in SFExcellent book. The patterns are easy to make (even the intermediate and advanced ones) yet they look intricate and beautiful. The only minor drawback is that instructions are only written out (i.e., text only - no charts). Since the patterns are easy, I can live with it. Hopefully gets this back in stock soon.10 of 11 people found the following review helpful. Excellent Choice for Beginners with ExperienceBy Mrs. BeasleyThis is my favorite doily book! The instructions are flawless and the layout is wonderful. I've made a handful of doilies before, so I wanted something easy, but not too easy. The patterns in this book are interesting enough to be fun and lovely; but not so hard that you can't watch TV at the same time! I've made all three on the cover and I can't wait to make the other 3 in the book. Highly recommended for beginners and beginners with a little bit of experience, too.8 of 10 people found the following review helpful. First

One For Me By Tsarina Kennedy This was the first book I bought when learning to crochet with thread. The designs are really easy to follow and have the beginner to advanced route. A really nice instruction book.

Crocheters will find that with a little practice using thread instead of yarn and the knowledge included in this book, success is easy.
