Liberty of London, Lucinda Ganderton : Liberty Book of Home Sewing before purchasing it in order to gage whether or not it would be worth my time, and all praised Liberty Book of Home Sewing:

0 of 0 people found the following review helpful. Gorgeous book with projects you'll actually want to makeBy BadgerBadgerBadgerI love looking through sewing idea books, but it's so hard to know whether you'll actually find the projects useful or not. So I usually turn to the local library, where I can check something out, flip through, and then hand it back. This was the rare book that started as a library checkout but ended up as a purchase because I just HAD to have a copy for myself! The number of projects that I consider "winners" is much higher than most similar books. The projects on my gotta-make-em list include a lightweight reusable grocery bag, a fabric flower, a fabric lampshade (really just a very long strip of fabric woven around a metal frame, incredibly simple but never occurred to me to try it!), and a cotton kimono robe. There are also some old standards like zippered toiletry bags, a tote bag, an apron, and drawstring storage bags -- very useful projects, but if you're a sewing-book addict like me, you've probably got them

already in other books. This book is also quite beautiful to look at, and the sample projects in the photos are all of a gorgeous professional quality. (They give you details for which Liberty fabrics are used in the projects, but of course you can use any fabric of your own in a similar weight.) Overall, highly recommended -- it's both oh-so-pretty and oh-so-useful! 0 of 0 people found the following review helpful. lovely book! Reminds me of my time at Liberty ...By D. Hitchcock lovely book! Reminds me of my time at Liberty in London! 0 of 0 people found the following review helpful. I like it, comes with a few pages of printed ...By Michelle Snyder I like it, comes with a few pages of printed liberty designs on paper which I cut out and used for crafting. It does tell you what fabrics to use by pattern name but its pretty easy to just use whatever fabric you have .I am not good with math at all so I wish the patterns that come with it were all ready full size but they aren't so i would just skip those, love the lampshade repair and the book covers.

Crafters and fashion lovers will be lining up to get their hands on the very first sewing book from internationally popular and uber-stylish textile brand Liberty. Brimming with lavish photographs of bold, graphic fabrics, The Liberty Book of Home Sewing offers 25 irresistible and easy-to-make projects that allow readers to incorporate a touch of Liberty elegance into their home. Simple enough for beginners, the projects range from feminine totes and aprons to handy pincushions and book covers, full-sized quilts, chic throws, plush cushions, and more. With color step-by-step illustrations, detailed instructions, and plenty of inspiration, plus an exquisite fabric cover, this enchantingly beautiful book will be treasured by longtime Liberty fans and young crafters alike.

About the Author Founded in 1875, Liberty has long been synonymous with all that is most stylish in fashion and dcor. It is an internationally popular and iconic brand based in the UK.
