**Nikol Lohr : Literary Knits: 30 Patterns Inspired by Favorite Books** before purchasing it in order to gage whether or not it would be worth my time, and all praised Literary Knits: 30 Patterns Inspired by Favorite Books:

0 of 0 people found the following review helpful. Intriguing PatternsBy Ami ScottIt was the cloche on the cover that caught my attention, and an excellent tips techniques section kept it. I was a bit miffed there were no pattern pictures in the sample, until I remembered a simple trip to Ravelry would take care of that issue. I enjoyed seeing what other people had done and while I'm not interested in all of the patterns there were enough I could see myself doing, especially for gifts, that I felt this was a good purchase. Especially when I discovered that I had already placed the Galadriel dress in my favorites.9 of 9 people found the following review helpful. Great bookBy dohandmadeI'm updating my review as the author has gone out of her way to help me with the charts. She provides great tips and instructions; and all the patterns are gorgeous!I purchased as a Kindle PC version. I cannot read any of the charts - so, I cannot knit them. I did email the author but have not yet received a reply. Very disappointed!!! But I've learned my lesson, if I want to knit I'd better buy the book1 of 1 people found the following review helpful. Most excellent and interesting projectsBy KCarlyleThis is one of those really outstanding books that gets little notice from the mainstream knitting community. I'm pretty sure it has to do with the focus on easy peasy beginner stuff and the fear that anything more complicated than a garter rectangle is going to scare people. The projects in this book are interesting and

colorful, the literary references are smart and engaging, and every single piece is actually wearable. The projects targeting male persons are pieces the average guy would be happy with, most of the yarns called for are in the lace to DK range making the scale of the fabrics very wearable. These are not costume pieces - the one playful crown/bennie that has an obvious graphic element is reversible. The patterns are very well documented and an adventurous beginner knitter will find the information that is frequently left out of more advanced patterns. The selection of pattern includes patterns from the complex to beautifully designed simple shapes. I love this book - I would recommend this book to people who are past the beginner stage and want to develop their skills. The book presents a range of techniques and some of the most beautiful simple lace shawls I have seen. (the Meme and Emma Shawls). Even if you never intend to knit most of the projects the construction and details are worth the price of the book.

30 projects inspired by classic literature For pattern information and photos, visit the Literary Knits pattern page on ravelry. Literary Knits features 30 knitting patterns inspired by beloved characters from classic books; from *Pride and Prejudice* to *Moby Dick*, *The Catcher in the Rye* to *The Chronicles of Narnia*--and many more in between. Inspired by some of the most beloved characters from favorite books, the projects in this unique collection will inspire knitters and book lovers alike. Each knitting pattern includes precise instruction and robust information on yarn selection and substitution. Beautiful photography throughout offers ideas and inspiration for all ages and skill levels, including supporting photos for tricky or less commonly-known techniques. Diagrams, assembly instructions, and schematic illustrations ease completion of each project. A generous mix of knitting patterns for women, men, and kids. If you're a book lover who knits, or a knitter with an appreciation for vintage patterns, *Literary Knits* is a timeless collection of one-of-a-kind knitting projects.
