Brilliant knitting book.By Denise BuxtonThis book is amazing as are all Jody Longs. Money well spent.

Everyone loves cute baby feet, so what could be more rewarding and enjoyable than knitting for those tiny toes? Patterns are suitable for both beginner and advanced knitters. Many cute and fun projects which include, flowers, lace, slippers, sandals, boots, shoes, socks, animal and many more styles to choose from, the only question is which one to knit first? The projects are for both boys and girls and many can be adapted to suit both with the simple switch of a color or omitting extra bits like the flowers. All the yarns in this book are made from natural fibres so they are soft and gentle against delicate baby skin and can be machine washed as the merino by DMC is superwash, making these little wearables easy care to enjoy more time with the little ones in your life! <https://youtu.be/j3fW00-zfW4>
