Iain Rice : Locomotives (Realistic Railway Modelling) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Locomotives (Realistic Railway Modelling):

This book is the second title in a new series, Realistic Railway Modelling, written by a highly regarded expert. Aimed at really keen modelers who want to learn how to achieve the highest standards, this all-color book, packed with photos and diagrams, provides the very last word in detail in seven themed chapters.
