**Ralph Clement Bryant : Logging: The Principles and General Methods of Operation in the United States**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Logging: The Principles and General Methods of Operation in the United States:

0 of 0 people found the following review helpful. Five StarsBy geohigGold standard of logging practices in US.0 of 0 people found the following review helpful. Good ReferenceBy MosesI'm using the book as a reference for building an HO scale logging railroad, and find the text and illustrations/photos invaluable. It's not the only reference I have, but it's frequently the one I go to.
