Nothing looney about this....By Helman68 Not only does this cross stitch book give you plenty of patterns to choose from but it also gives you good examples of usage. Mix them up, change them around and put these looney characters on anything. Make fantastic small pictures for kids walls. Send a Valentine's card with Pepi le Pew, do a door hanger for the boys room with TaZ Devil. A great selection of Warner Brothers Cross Stitch design. Would love to see a sequel that includes some of the more obscure characters such as Speedy Gonzales, The Singing Frog, Butch the Dog. The Baby Kangaroo. That would be a great book....0 of 0 people found the following review helpful. buyer very pleased! By Hilde H.
