I've been making jewelry for awhile, but I still found TONS of design inspiration. But this is a perfect book for a beginner the instructions and accompanying photos are clear and easy to follow and the projects cover a broad range of styles, from subtle sparkle to full out dazzle. Lindsay (and the other contributors) have such a wonderful eye for color - there are some combos I've never thought to put together that I am completely in love with. If you make (or want to start making) jewelry for holiday gifts, there are so many gorgeously wearable ideas. I've already Post-it

flagged half a dozen. I generally use my own designs for gifts, but I'm not going to be able to pass up the stackable bangles and party bracelets (to name just two). I'll be making them my own (as Lindsay encourages in the intro) but it's great to have these great ideas to start from. 3 of 3 people found the following review helpful.
