0 of 0 people found the following review helpful. Five Stars By Maribel Fonseca S Nice magazine, thank you. 0 of 0 people found the following review helpful. Too cute to miss. By Gramma B These are really cute pincushions. I will probably make them all because they make nice gifts for sewing and quilting friends. I'm keeping the elephant for myself because it is just too cute. The instructions are clear and the projects easy. 0 of 0 people found the following review helpful. Book By Cecelia G. Millet Good Book.

Upgrade from the basic tomato with a pincushion that's sure to put a smile on your face! Sew 10 playful patterns from top designers, from 3D shapes to cute little critters. Try out a variety of techniques like applique, embroidery, and piecing in this value-packed booklet. Perfect for swaps, gifts, and stocking stuffers, these charming pincushions are so quick to sew, you'll want to make them again and again.

I noticed many recent guild quilt shows host boutiques where members sell their wares. Often included with quilts are small items. What quilter doesn't love a fun pincushion? This book has 12 different pincushion designs by 12 different designers. Maybe something to get you started for your next guild show boutique! (Canadian Quilter, Summer 2016) If you are like me and always losing your pins, these projects are fun to make and useful too. Sometimes it is good to have small projects to sew that are finished quickly. There are a variety of 12 different shapes, that even include an ant and they have wide appeal. It's a great selection. You can also adapt the idea and make many more pincushions. For example, the cupcake could be adapted with different colours and embellishments into dozens of pincushions. Various techniques are used to create the pincushions from applique to piecing and embroidery. Each pincushion is designed by a different designer and has appeared in a previous publication. The instructions are clear and the photos are great this is a fun yet practical book for any sewing enthusiast. (yarnsandfabrics.co.uk, 6/28/16)
