7 of 7 people found the following review helpful. Very helpful!By Michael S.This box set is awesome! The author

does a great job of preparing even the novice to read patterns. The book does a great job of teaching about all of the equipment that you will need as well. These books will take you through basic crochet patterns, stitches, and projects. The author will also teach you about charts and graphs which will be very helpful as you learn and advance. I would highly recommend this box set to anyone looking to start crocheting. 5 of 5 people found the following review helpful. Great box set on crocheting By Pia Sanchez The books are well-written and have pictures that really motivate you to start creating. Great box set on crocheting, gave this set to my mother as she loves crocheting. She found it easy to understand right from the beginners set all the way through to the expert. Some good tips and tricks and well laid out even if youre a newbie to crocheting. This book is excellent for someone just starting out. It goes step by step. I would recommend this book to anyone. 6 of 6 people found the following review helpful. ehh... By Zia This is a nice little book for beginners. The information is mostly available by logging onto websites listed in book. I would prefer to just read techniques in the actual book.

The Only Book you need to take your skills from Novice to Expert in no time. Learn the Basic from Reading Patterns, Corner 2 Corner Technique, Ripple and Wave Technique, Intarsia Crochet, Fair Isle Crochet, Tapestry Crochet, Filet Crochet and Broomstick Lace Hello and thank you for purchasing this Box Set on How to Crochet. Together we will learn the basic stitches and techniques used in the art of crochet. Well also learn about the hooks and equipment you need to start out and all about yarn and its various uses. Next well pick up hook and yarn and get started on some basic projects. My goal for this book is to spark a love of crochet in you and help you get started on this popular and timeless fiber art. We will also explore how to read charts and graphs, different types of colorworks, and I will share tips on designing your own patterns. These are important skills for an expert crocheter because if you know how to read and work charts and graphs you open up an entire new world of patterns for you to explore. We will also learn some exciting expert techniques such as Filet. I hope this volume, Expert Crochet, will encourage you and sparks your creativity to reach an even higher level of crochet skills.
